

The NEW website: <https://bullionparkcondo.com>

provides detailed background info for you to consider before you vote. The following are matters at stake:

- Note that this resolution is proposed by 2 SPs of 14th floor. Q2 of the FAQ's states "MCST is a neutral party with regards to Resolutions motioned by SPs". **Therefore, this resolution has not been endorsed by MCST.**

- Is the resolution to "budget" funds belonging to all SPs but intended to be paid to the 15 affected 14th floor units reasonable? **They want to "budget" your money and pay it to themselves!!!**

The website explains the issues. More importantly, **we need a way out of this whole mess.** The article "**A suggested way forward**" explains how this can be achieved. **There are no other suggestions on how our losses can stop.**

I urge you to attend the EOGM, and **vote based on your conscience and in your own interests.** But if you are unable to attend, you can still vote, by **appointing me as your proxy.** I will act in your best interests and will vote for you, based on my recommendations on the website. I am usually walking in the grounds of BP, in the morning between 8.30 a.m. to 10 a.m. and from 4 p.m. to 5 p.m. you can hand your proxy form to me then. Or you can drop your proxy form into my letterbox T1 #15-03. Simply fill in your name, address and sign the form, and I will handle the rest (indicate Tower and unit number at the top of form). **Pl work together with me to get us all out of this mess** so that we need not lose more money.

- Victor Lee, SP

T1 #15 floor
